HEADQUARTERS 72D AIR BASE WING (AFMC)
TINKER AIR FORCE BASE OKLAHOMA

MEMORANDUM FOR TINKER DISTRIBUTION E AND ALL ASSOCIATE UNITS

FROM: 72 ABW/CC

SUBJECT: Tinker AFB Environmental Policy

1. Protecting the environment on Tinker AFB is a high priority and a major factor used in decision-making. We are dedicated to continuous improvement of our processes to prevent and reduce waste generation. We will maintain compliance with environmental laws at all times while striving to reduce pollution at the source of generation. Tinker's Environmental Policy follows the guidelines issued under ISO 14001 (4.2). In all of our activities we will seek to:

- a. Promote conservation and minimize environmental pollution and waste
- b. Continually improve processes and optimize sustainability through risk management
- c. Build environmental concerns into policies, programs and missions
- d. Integrate environmental information into all levels of management
- e. Achieve continuous improvements in environmental performance over and above regulatory and legislative requirements
- f. Work in partnership with all stakeholders to promote pollution prevention
- g. Clean up environmental damage from our past activities
- h. Institute resource (water, electricity, fuels) consumption restraint to reduce environmental strain

2. In keeping with this commitment, we must work to continuously improve the effectiveness of our environmental stewardship by regularly monitoring our performance and educating our employees to be environmentally responsible.

3. If you require additional information regarding Tinker's Environmental Policy, please contact our Environmental Management System coordinator, Ms. Genevieve Betts, 72 ABW/CEIEC, genevieve.betts@us.af.mil, 734-4586. Mr. Robert Griffin, 72 ABW/CEIEC, robert.griffin16@us.af.mil is the designated alternate.
