

CAREER GIRLS START AFTER HALF CENTURY

Life Really Begins At Fifty

The "first fifty years" may tell the story in the lives of many people, but...

part. I don't think that what I am doing now will in any way open any new career for me because I expect to go back to home and family after the war is over.

MRS. IDA M. WALLACE, general mechanic helper, Maintenance: "I should say that the present emergency has brought plenty of change in my life and the prospects for the future.

MRS. MABLE C. WRAY, Depot Supply: "Son, I am 65 years old and proud of every day of it. I feel just as wide awake and active as the next woman.

MRS. ANNICE HAMMON, Metal Repair, Maintenance: "The thing about the future that really interests me right now is getting the war over as soon as possible. I feel that by working out here, doing anything that is needed, I am doing my part to help.

MRS. WILMA K. PRUITT, Administration, Depot Supply: "It is hard to make any plans for the future, or say what I feel I will be doing once we have gained peace.

Mrs. W. K. Pruitt

stand in the way of any of our boys finding work when they come back. I am just hoping that there will be work for all and that they will continue to need women like me who have gained a new sort of confidence in our ability.

MRS. MARY NEWBORN, Doall Saw Operator, Maintenance: "Indeed I feel that the war has opened a new career for me. I am a widow and expect to continue working after the war is over.

MRS. WINIFRED S. EATON, Depot Supply: "I have been very active all my life, have done a great many things like teaching school but for the most part I have been busy with my home and raising my family.

there are more responsible duties that I can do and all in all I am interested in doing the most to and the way I expect to return to private life after the war and leave the field open to

the young people who will need the work. —SEE YOU IN TOKYO— Learn how to lift properly—use your legs instead of your back.

We Will Gladly Cash Your Payroll Check

HOW'S THIS, MR. AND MRS. AMERICA?

On June 21st, the day we opened for business, this Bank bought \$100,000 in U. S. War Bonds, as our first investment.

This was possible largely because many of the personnel of OCAD and Tinker Field had started deposit accounts with us. We expect to maintain this record and earnestly invite all others, both military and civilian, to deposit your funds with us.

Try our PAY-BY-CHECK plan. No minimum balance required —no analyzed service charges—merely a flat fee of 10c for each check you write on us. Remember also, we make no exchange charge for cashing your pay check if you have a deposit with us.
