

9-LINE UAS (Unmanned Aircraft System) Report: Fill Out and Contact Emergency Communications Center (405) 734-3737

ASAP:

Line 1: Location of sighting (include areas observed by UAS) _____

Line 2: Type of UAS: _____

A. Multi Rotor (hovering in place, helicopter style)

B. Fixed Wing (airplane style, has wings, doesn't hover)

C. Hybrid (airplane style with hovering capabilities)

Line 3: Color of UAS: _____ **Camera System:** _____ **Y** **N** **Carrying a payload:** _____ **Y** **N**

During hours of darkness, describe lights: Color(s): _____ **Quantity:** _____

Line 4: Approximate size of UAS:

- A. Small (Football or smaller)
- B. Medium (Microwave size)
- C. Large (Ceiling fan size and larger)

Line 5: Cardinal direction UAS traveled: came from: _____ **& traveled to:** _____

- | | |
|----------|--------------|
| A. North | E. Northeast |
| B. South | F. Northwest |
| C. East | G. Southeast |
| D. West | H. Southwest |

Line 6: Estimated altitude of UAS: _____ ft above ground level.

Line 7: Time of sighting: _____ **Time of departure or loss of visual contact:** _____

Line 8: Number of UAS(s):

- A. 1
- B. 2
- C. Swarm (multiple drones together)

Line 9: Any obvious UAS operator?

- A. Yes If so, provide location and description: _____
- B. No
