## **Benefits**

**Military retirement pay stops on the date of death.**

### **Arrears of Pay (AOP)**

AOP is any pay due the retiree but unpaid at the time of death, to which a named beneficiary is entitled. This is a prorated amount that covers the first day of the month through the retiree's date of death.

### **Recoupment Process**

**ALL** pay deposited after the date of death—is automatically recouped by DFAS from the retiree's checking account. After a complete audit of the account, any money due is paid by a US Treasury check and **mailed** to the named beneficiary.

### **Submitting an AOP claim**

A Death Certificate is needed to submit the AOP claim. (takes up to 6 weeks to receive AOP check by mail)

### **Survivor Benefit Plan (SBP)**

The SBP is a Government program which makes it possible for retired members to ensure that after their death, their eligible survivors receive a portion of the retirement pay monthly. The SBP election is made at the time of retirement and if SBP was declined at the time of retirement, then it can not be established after the death of a retiree.

### **Submitting an SBP claim?**

Your SBP will be established as a Direct Deposit. Please bring a voided check for the bank account that you want the SBP to be deposited into. (takes up to 6 weeks to start)
