

Strategic Alternate Sourcing Program Office (SASPO) Quick Reference

Air Force Managed New Buys (Qualify w/ AF) Requirements List

The Strategic Alternate Sourcing Program Office (SASPO) Lists are subsets of the Requirements Projections on the Web (RPOW) wherein the government has a projected buy value within the next three (3) fiscal years. Items on this list do not necessarily represent obsolescence issues. This list represents items the Air Force SHOULD have the required data and the ability to qualify new sources of manufacture. The list is sorted by overall buy value and may be downloaded from the SASPO website www.tinker.af.mil/429scms.saspo. E-mail Address: 429scms.saspo.workflow@us.af.mil.

****Disclaimer**** The projections contained in the attached spreadsheet may or may not generate due to variability in customer demands and priorities. The forecast data is for planning purposes only and does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the described items.

Qualification Requirements (QRs)

To request qualification requirements for Air Force managed items, please email the respective Small Business Office listed below. All requests should include the National Stock Number (NSN) in the subject line.

[Hill AFB \(OO-ALC\) - michael.cottam@hill.af.mil](mailto:michael.cottam@hill.af.mil)

[Robins AFB \(WR-ALC\) - ken.burke@robins.af.mil](mailto:ken.burke@robins.af.mil)

[Tinker AFB \(OC-ALC\) - afsc.sb.workflow@tinker.af.mil](mailto:afsc.sb.workflow@tinker.af.mil) for Unsolicited SAR Other Than ERRC Code "T"

[DLA Aviation \(Oklahoma City\) - DLA.OKC.SBO@tinker.af.mil](mailto:DLA.OKC.SBO@tinker.af.mil) for Unsolicited SAR ERRC Code "T" (New Buys only)

Public Sales Office (PSO)

The ALCs data management office provides a means by which contractors may purchase engineering data directly from the ALCs' data repository. The PSO is separate from the Freedom of Information Act (FOIA) and requires the customer to register with Federal Business Opportunities (FedBizOpps) www.FBO.Gov prior to a purchase request. Once registered, the customer may submit a request for data or ask questions through the PSO email listed below. The PSO offers single or revolving account data purchase options. Department of Defense policy mandates only the Data Custodian listed on the Military Critical Technical Data Agreement (DD Form 2345) is eligible to receive data.

[Hill AFB \(OO-ALC\) - Hill Drawing Public Sales \(aficmc.ezgtg.PubSale@us.af.mil\)](mailto:aficmc.ezgtg.PubSale@us.af.mil)

[Robins AFB \(WR-ALC\) - Robins Drawing Public Sales \(robinspublicsales@robins.af.mil\)](mailto:robinspublicsales@robins.af.mil)

Strategic Alternate Sourcing Program Office (SASPO) Quick Reference

Air Force Managed New Buys (Full and Open) Requirements List

The Strategic Alternate Sourcing Program Office (SASPO) Lists are subsets of the Requirements Projections on the Web (RPOW) wherein the government has a projected buy value within the next three (3) fiscal years. Items on this list do not necessarily represent obsolescence issues. This list represents items the Air Force SHOULD have the required data and should not require qualification prior to contract award. The list is sorted by overall buy value and may be downloaded from the SASPO website www.tinker.af.mil/429scms.saspo. E-mail Address:

429scms.saspo.workflow@us.af.mil.

****Disclaimer**** The projections contained in the attached spreadsheet may or may not generate due to variability in customer demands and priorities. The forecast data is for planning purposes only and does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the described items.

Public Sales Office (PSO)

The ALCs data management office provides a means by which contractors may purchase engineering data directly from the ALCs' data repository. The PSO is separate from the Freedom of Information Act (FOIA) and requires the customer to register with Federal Business Opportunities (FedBizOpps) www.FBO.Gov prior to a purchase request. Once registered, the customer may submit a request for data or ask questions through the PSO email listed below. The PSO offers single or revolving account data purchase options. Department of Defense policy mandates only the Data Custodian listed on the Military Critical Technical Data Agreement (DD Form 2345) is eligible to receive data.

Strategic Alternate Sourcing Program Office (SASPO) Quick Reference

Air Force Managed New Buys (Qualify w/ OEM) Requirements List

The Strategic Alternate Sourcing Program Office (SASPO) Lists are subsets of the Requirements Projections on the Web (RPOW) wherein the government has a projected buy value within the next three (3) fiscal years. Items on this list do not necessarily represent obsolescence issues. This list represents items the Air Force does not have complete Technical Data Packages and is not able to qualify new sources of manufacture. Interested contractors may contact the OEMs about qualification requirements. The list is sorted by overall buy value and may be downloaded from the SASPO website www.tinker.af.mil/429scms.saspo. E-mail Address: 429scms.saspo.workflow@us.af.mil.

****Disclaimer**** The projections contained in the attached spreadsheet may or may not generate due to variability in customer demands and priorities. The forecast data is for planning purposes only and does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the described items.

Public Sales Office (PSO)

The ALCs data management office provides a means by which contractors may purchase engineering data directly from the ALCs' data repository. The PSO is separate from the Freedom of Information Act (FOIA) and requires the customer to register with Federal Business Opportunities (FedBizOpps) www.FBO.Gov prior to a purchase request. Once registered, the customer may submit a request for data or ask questions through the PSO email listed below. The PSO offers single or revolving account data purchase options. Department of Defense policy mandates only the Data Custodian listed on the Military Critical Technical Data Agreement (DD Form 2345) is eligible to receive data.
